

Tereos TTD Sugar Czech Republic

Biothys™ GmbH
Gewerbestraße 6
77731 Willstätt-Eckartsweier
Germany

Subject: Reference message

Tereos TTD a.s. is a leading Czech producer of sugar and alcohol from sugar beet. In a distillery plant Dobrovice was installed device Smellmeister® G36 in 2015 as a next purification step of air fermentation gases. This next level of purification helped to reduce total odour load by approx. 75%, coincident with previous tests. This technology met our expectations and is in continuous operation more than a year.

Best regards

Mgr. Martin Cejka, Ph.D.
